## Directions to East Green Farm, Nr Kilmacolm

Due to the rural nature of this site, there is no convenient meeting point large enough for 30+ vehicles, trailers etc. The site has a nice (relatively level) field for parking with plenty of space, which is where we will meet.

Start time is, as normal, 9.30am, with Drivers briefing at 9.50am and playtime starting at 10am. The driving area is at the top of the hill so once we leave the car park the only way in will be by radioing (chan. 7) or phoning, so please try to be on time.

NB Whilst there is a small car park in the middle of Bridge of Weir it is too small for us all to meet but it could be ideal for small groups to meet at before coming to the site.

### From Bridge of Weir

Head straight through Bridge of Weir on the **A761** heading towards Kilmalcolm. Go past the turn off to Quarrier's Village for 0.5 miles and turn **LEFT** onto the B788. Follow the B788 until you reach a crossroad that you go straight over (following the B788). The road takes a couple of sharp turns at the top of the hill where you bear left and after about 0.5 miles you pass Black's Farm on the left. The site is opposite the a farm that is right on the road on the left with the entrance being on the right.
